

INTERNATIONAL PLAYABLE THEATRE LAB APPLICATION FORM

Please note that this document is for drafting purposes only. All applications must be submitted via the [online form](#).

We recommend preparing your application offline before submitting it as there is no option to save your work in the form. Before applying, please read through the guidance which is available on [our website](#) in standard, large print and audio formats.

Upstart Theatre are committed to making our projects accessible. If you have any access needs, or would like to submit your application in a different format, please contact Producer Hannah Tookey at hannah.tookey@upstart-theatre.co.uk and let us know what you need to be able to apply.

Application Form

Thanks for your interest in being part of the International Playable Theatre Lab! We'd like to ask you some questions about you, your work, and your idea for a piece of Playable Theatre or performance that you will develop as part of the digital residency.

For more information about the International Playable Theatre Lab and what we're looking for, please visit the Upstart Theatre website at www.upstart-theatre.co.uk.

The suggested word limits are a rough guide. We haven't included word limits in the form in order to save you the time spent cutting out just a few words to fit the box. It's okay if your answer is under or a little over, but please don't exceed this excessively.

If you would like to discuss submitting your application in another format for access reasons, then please get in touch with Producer Hannah Tookey at hannah.tookey@upstart-theatre.co.uk.

A note about privacy: Upstart Theatre will keep this information on file for purposes of processing IPTL applications. If your application is successful, we may share the information contained in your application with our funders or other partners for the sole purpose of planning and producing the programme.
